Profile

Aspiring Computer Science student with a strong passion for software development, problem-solving, machine learning, and algorithmic thinking. Proficient in Java, Python, and Data Structures and Algorithms (DSA). Hands-on experience in front-end web development and database management (SQL), along with active participation in competitive programming. Skilled in building scalable applications, optimizing algorithms, and exploring emerging technologies. Seeking opportunities to apply my skills, gain industry experience, and grow as a software engineer.

Education

VR Siddhartha Engineering College

Bachelor of Technology in Computer Science and Engineering

Oct 2023 – May 2027

CGPA: 9.44

Projects

AI Interview Preparation Platform (In progress) | *React.js, Node.js, MongoDB, OpenAI API*

- Developing an AI-powered platform that helps students practice technical and behavioral interviews.
- Implementing resume upload feature to analyze candidate skills and generate personalized interview questions.
- Integrating OpenAI API to dynamically generate interview questions.
- Adding speech analysis to evaluate confidence, communication clarity, and response quality.

Bharathaath – Digital Marketplace for Handcrafted Idols | *React, Node.js, Express.js, MongoDB, Three.js*

- Developed a full-stack marketplace supporting multiple artisan profiles and product listings, improving accessibility of local handicrafts.
- Implemented AR-based product preview using AR.js and Three.js, enhancing user engagement and visualization.

Skills

- **Languages:** Java, C, Python, JavaScript
- **Frontend Development:** HTML5, CSS3, JavaScript, React
- **Backend Development:** Node.js, Express.js, MongoDB, REST APIs
- **Developer Tools:** Git, GitHub, VS Code, Postman (API Testing)
- **Other Skills:** Object-Oriented Programming (OOP), SQL, API Integration, Machine Learning, Cloud, Artificial Intelligence
- **Soft Skills:** Teamwork, Problem-Solving, Communication, Adaptability, Time Management

Competitive Coding

- Solved 250+ problems on LeetCode (rating: 1503) and regularly participate in coding contests.
- Solved 150+ problems on GeeksforGeeks with an institute rank of 189.
- Participated in the Google WE Program, a prestigious initiative supporting women in technology.
- Participated in the Google Girl Hackathon, demonstrating strong coding and problem-solving skills.

Certifications

- Microsoft Certified: Azure AI Fundamentals (AI-900, June 2025)
- NPTEL C++ Exam (63%)
- AWS Cloud Essentials – Amazon Web Services
- Java Certification – Infosys SpringBoard
- AWS Academy Graduate – Data Engineering
- API Testing with Postman – Postman

Leadership / Extracurricular

- **NSS Volunteer:** Contributed to community service initiatives, promoting awareness and organizing events for welfare.
- **Dance:** Participated in multiple cultural events at college.
